SPRING 2026 - DROP 1

ANTIHERO

How do you like your well-to-do..? Well done? In what century did Medieval artisan pigeons first develop the illuminated manuscript? And who was the craftsman behind the Imperial Grimple Stix family eggs?? The answer to these burning questions and more in Antihero's 2026: Drop 1.

KROOKED

Krooked is kicking Spring off with all sorts of bangers. Spanky joins the crew with a guest pro board; for the first time ever you can get the Manderson Shape on DBX construction, with Mike's Chain Frame graphic colored up in a shiny red; and Bobby is on a Twin Tail Slick with a fresh chrome treatment. We also have new graphics for Andrew, Una, Sam, Tom, Brad, and Eddie. Wake up and smell those Krooked Spring flowers, weirdo!

SPITFIRE

We're kicking off Spring 2026 with two Spitfire Pro riders that have left a permanent mark on iconic SF Spots: Daan Van Der Linden and T-Funk. Daan has a fire-breathing Pyrocat Classic and T-Funk gets a hardcore-inspired Radial Full in both natural and red 97du urethane. Back it up with an evil Demon collection, four new colors of Radial Full F4-99s, and some Live To Burn Classic apparel. Don't miss these; come this November, the SF footage will speak for itself.

VENTURE

Venture Spring Drop 1 is all heat.

Brian O'Dwyer's first pro truck is a Pro V-Hollow in 5.2 Hi & 5.8, and features a polished hanger with his 8-ball graphic, black bushings, black hardware, and spider red baseplates. Go ahead and sink those back smiths.

Also in the mix: FVRV Team Edition in 5.2 Hi & 5.6. Desert night black hanger and baseplate, clear red bushings, all-new FVRV artwork.

Don't sleep.

THERE

There Skateboards teams up with Los Angeles crew Sneakdiss for Spring 26 Drop 1, with a full line up of heaters designed by artist Zain Scott, featuring: the "Green Velvet 21" Chandler Burton pro model on DBX 8.5 x 31.85 WB 14.25; also available in red on non-DBX construction.

Marbie's "From the Depths", fired up on her signature custom shape: 8.5 x 32 WB 14.

Marie de Courcy's newest "Magic in Healing" is cryptic on an 8.25 x 31.9 WB 14.

And the Sneakdiss x There team board "Pirate Ship to the Inferno" on the classic Jim T shape 9.75x 31.57 WB 14.1.

Keep your eyes peeled for the video and more...

REAL

The latest REAL drop is here. Heavy hitters, custom shapes, and art that hits. Max Schaaf introduces the '4Q Cathedral' in three shapes, backed by a blacked out REAL x 4Q canvas hat and tee. Ishod's 'Mariposa Chrome Redux' Twin Tail series returns on jewel toned base colors in four sizes, with the 8.38 being our first Twin Tail DBX. Mason and Zion link up for the 'Artificial' series with art by Clay Halling. 'Echoes', a dual series by guest artist Nora Vasconcellos, lands on Nicole and Jimmy's new boards. Patrick's 'Fight', Kyle's 'Engraved', and Hermann's 'Trolldom' bring the contrast, and Chima wraps it up with a board to celebrate 20 years of being on REAL, with a custom collage top graphic.

THUNDER

Joe Campos is coming through with his first Pro Thunder Truck in the style of his choice, Inverted Editions. Combine the spider webbing on the hanger with the roofs Joe jumps off of, and the inspiration for the graphic is clear. Plus, the T-lls get their first graphic treatment with a revamped voltage logo hit on smoke grey hangers and baseplates, with a matching charcoal tee to round out the collection.
