Thank you - well shit - for everything

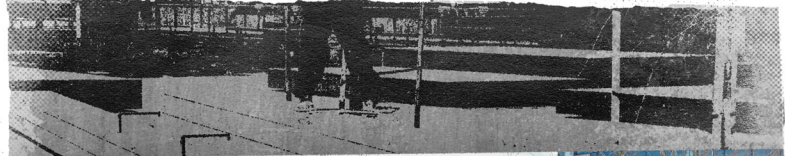

For making time to check out our newest drop.

For doing all the great work in your communities.

For making skating so great and letting us be a part of it.

It's not lost on us how lucky we are to get to do this stuff
in skating with you.

BY NATAS II series

The first run of the Natas Kaupas Collection went quick - guess we should have figured... duh, it's Natas.

They are (obviously) too good not to bring back for a second run, this time on assorted color stained woodgrain and with a new team oval series alongside.

Natas is the best. Just ask Mason how hard the hydrant spin and gap to curb stall were...

PRO BOLDS series

The Bold Series earlier this year was an instant team favorite... so we decided to do some custom ones for Ishod, Tanner and Mason - each with their own design and unique raised ink patterns. The results looked rad. We hope you like them too.

We do our best to make skateboards for everyone who rolls.

The Oval graphic has been a team favorite since day one and this time we added a few more sizes on classic colors and the all new True-Mids shapes - designed for smaller skaters looking for a board that truly works.

SHAPED EAGLES

12- The spectacle manifests itself as an enormous positivity, out of reach and beyond dispute. All it says is: "Everything that appears is good; whatever is good will appear." The attitude that it demands in principle is the same passive acceptance that it has already secured by means of its seeming incontrovertibility, and indeed by its monopolization of the realm of appearances.
