DESTINATION

One more run

03

TECHNICIAN

Incorporating everything we've learned about making snowboard outerwear, the Nomis Technician line represents a solid snowboard specific clothing lineage that is more than 30 years in the making. Over the years, every one of those lift rides, turns, grabs, falls, and the day's conditions has been incorporated into the most functionally-technical line on the planet. These features work long after a rider is in a shop. They work seamlessly, where they need to, everytime, with gloves on.

Nomis Technician offers riders 20,000mm waterproof/20,000gm/m/24hrs performance laminated fabrics with features and details found in no other brand. Full seam sealing and YKK waterproof zippers keeps riders dry in any condition.

1. 3D adjustable Progression Hood System adjusts hood opening, volume, and peripheral vision with one pull of the lower grips. One pull of the top grips opens the hood fully to the original position. It does all of this WITH GLOVES ON.

2. Integrated media/goggle pocket with headphone cord port and keeper loop.

3. Magnetic closures on stormflaps.

4. 3d Dimensional Venting pre-loads the mesh lined vents so when they are open, they stay open offering vastly superior heat dump capabilities to any other venting system in the technical outerwear world, at any price.

5. Internal fold-over knit wrist gaskets can be run over gloves for the ultimate snow seal, or folded back and worn street style when you're not riding.

6. The QuickCord hem cord adjusts quickly and easily from inside the pockets, and releases just as easily by grabbing the side pull release system.

7. Zip up Fade-Gaiter keeps your waist gaiter where it needs to be when it's deep, or zip it up in the pocket and out of the way on the streets. Because it zips up, Technician offers a much longer extended gaiter that stays down, completing the snow seal without riding up.

8. Full seam sealing and YKK waterproof zippers keeps riders dry in any condition.

16. Zippered hem gusset Zippered hem gusset.

9. Special Technician linings wick moisture, spread it out into a wide surface area for fast evaporation and transport through the shell.

10. Full front and back pocket arrays ensure you have enough space for all of your on-mountain essentials.

11. Shorter Technician windowed-in embossed cuff hook and loop closure with low profile cuff tabs.

12. Stormflap styles get the Recoil pass pocket keeps your pass accessible, with gloves on. Regular pass pockets on other jackets.

13. Separate zippered goggle pocket.

15. 3d Dimensional Venting pre-loads the mesh lined vents so when they are open, they stay open offering vastly superior heat dump capabilities to any other venting system in the technical outerwear world, at any price.

17. Double layer interior on rear cuffs ensure minimal wear from highbacks.

TRUE

The True collection from Nomis is where it all started. In True riders will find the ultimate combination of fabrics, fit, and finish details that put Nomis in a class of its own. These pieces are street inspired and mountain proven day in, day out. Once riders find Nomis True outerwear, they will never go back.

Nomis True offers riders 10,000mm waterproof/10,000gm/m/24hrs performance with features and details found in no other brand. Strategic seam sealing keeps riders dry, without having to pay more for taping seams that don't usually leak.

1. Full size ergonomic hood with snap loop hold down in back.

2. Internal ribknit collar keep snow off your back.

3. Integrated media/goggle pocket with headphone cord port and keeper loop.

10. Windowed in hook and loop on the center front placket pulls against the window instead of pulling it off the jacket, greatly increasing the wear life.

11. Stormflap styles get the Recoil pass pocket keeps your pass accessible, with gloves on. Regular pass pockets on other jackets.

12. Separate zippered goggle pocket.

13. Internal fold-over knit wrist gaskets can be run over gloves for the ultimate snow seal, or folded back and worn street style when you're not riding.

4. Mesh lined full length venting lets riders dump heat quickly, and the webbing tape keeps it from getting stuck in the zipper when closing it.

5. The QuickCord hem cord adjusts quickly and easily from inside the pockets, and releases just as easily by grabbing the side pull release system.

6. Full front and back pocket arrays ensure you have enough space for all of your on-mountain essentials.

9. Zip up Fade-Gaiter keeps your waist gaiter where it needs to be when it's deep, or zip it up in the pocket and out of the way on the streets. A Nomis exclusive!

7. Strategic seam sealing keeps riders dry, without having to pay for taping seams that don't usually leak.

8. Windowed-in embossed cuff hook and loop closure ensures it does not tear off, even after years of use. This is a Nomis exclusive construction.

15. Zippered hem gusset.

14. Double layer interior on rear cuffs ensure minimal wear from highbacks.

CONNECT

CONNECT

Nomis Connect is a collection of outerwear that blurs the lines between value and performance. Connect starts where most other brands stop, offering next level features and performance giving riders everything they could ask for at any price point, while leaving enough left for lift tickets. For riders that really want to get connected, this is a great place to start.

Nomis Connect offers riders 10,000mm waterproof/10,000gm/m/24hrs performance and strategic seam sealing keeps riders dry, without having to pay more for taping seams that don't usually leak.

1. Full size ergonomic hood with snap loop hold down in back.

2. Internal ribknit collar keep snow off your back.

3. Integrated media/goggle pocket with headphone cord port and keeper loop.

4. Mesh lined full length venting lets riders dump heat quickly, and the webbing tape keeps it from getting stuck in the zipper when closing it.

5. The QuickCord hem cord adjusts quickly and easily from inside the pockets, and releases just as easily by grabbing the side pull release system.

9. Windowed in hook and loop on the center front placket pulls against the window instead of pulling it off the jacket, greatly increasing the wear life.

10. Stormflap styles get the Recoil pass pocket keeps your pass accessible, with gloves on. Regular pass pockets on other jackets.

11. Separate zippered goggle pocket.

12. Internal fold-over knit wrist gaskets can be run over gloves for the ultimate snow seal, or folded back and worn street style when you're not riding.

8. Snap up Fade-Gaiter keeps your waist gaiter where it needs to be when it's deep, or snap it up in the pocket and out of the way on the streets. A Nomis exclusive!

6. Strategic seam sealing keeps riders dry, without having to pay for taping seams that don't usually leak.

7. Windowed-in embossed cuff hook and loop closure ensures it does not tear off, even after years of use. This is a Nomis exclusive construction.

13. Internal waistband adjustment, lift ticket ring, and shoelace belt for an added level of detail.

14. Zippered hem gusset.

FOUNDATION

FOUNDATION

The all new Foundation line is designed to give riders the proven fit, details, and function that has firmly established Nomis as a leader in snowboarding at a price that blows away any other brand. In Foundation, Nomis has taken decades of snowboard specific clothing development and refined the most essential features that would be considered top of the line of any other brand.

Nomis Foundation offers riders 8,000mm waterproof/5,000gm/m/24hrs performance and strategic seam sealing keeps riders dry, without having to pay more for taping seams that don't usually leak.

1. Full size ergonomic hood with snap loop hold down in back.

2. Integrated media/goggle pocket with headphone cord port and keeper loop.

8. Diecut radiused hook and loop on the center front placket eliminates sharp corners and "dog ear" issues, greatly increasing wear life.

12. Internal waistband adjustment, lift ticket ring, and shoelace belt for an added level of detail.

10. Logo embossed cuff hook and loop closure ensures it does not tear off, even after years of use.

11. Internal lycra wrist gaiters keeps the snow out, and the warm in.

3. Mesh lined full length venting lets riders dump heat quickly, and the webbing tape keeps it from getting stuck in the zipper when closing it.

4. The QuickCord hem cord adjusts quickly and easily from inside the pockets, and releases just as easily by grabbing the side pull release system.

5. Strategic seam sealing keeps riders dry, without having to pay for taping seams that don't usually leak.

7. Window pocket for your pass.

6. Snap up Fade-Gaiter keeps your waist gaiter where it needs to be when it's deep, or snap it up in the pocket and out of the way on the streets. A Nomis exclusive!

13. Zippered hem gusset.

DIAMOND

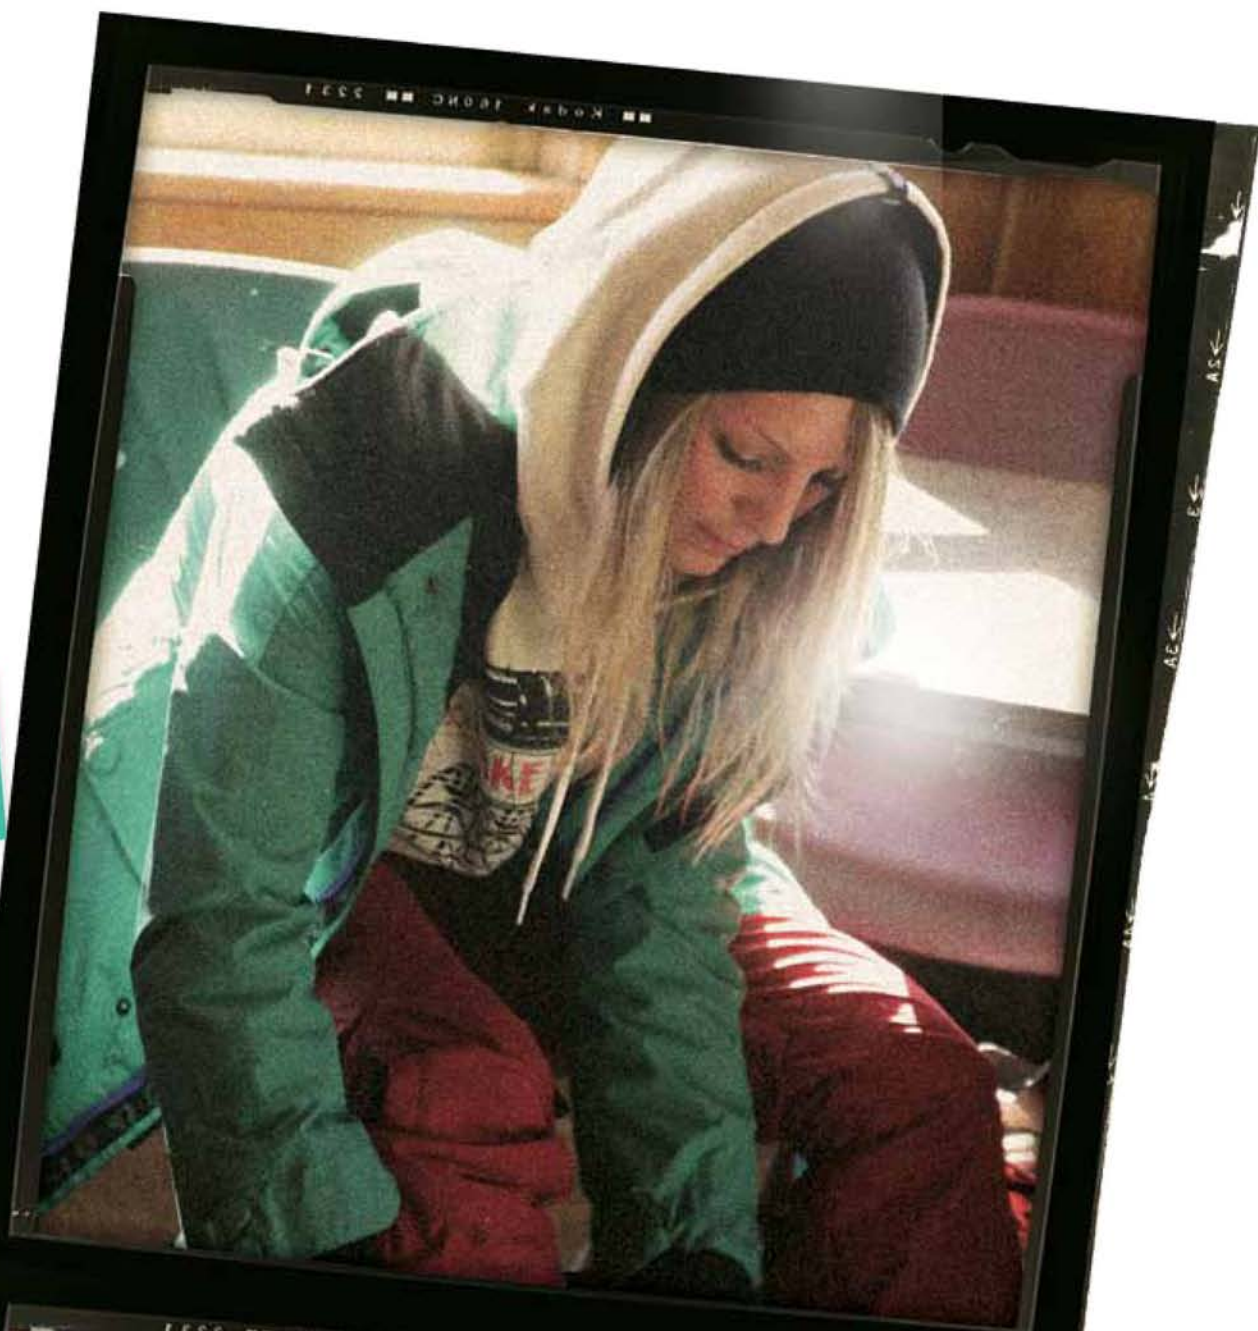

DIAMOND

The long awaited Diamond Collection has been born!

This is Nomis Girl's most exciting & refined collection yet! With the marriage of street inspired styling and performance detailing, and fit the value of these pieces is fresher than a powder day....

The Diamond Collection offers 15,000mm waterproof/15,000gm/m/24hrs performance with features and details that can't be matched! Strategic seam sealing keeps you warm and dry!

1. Full size ergonomic hood with snap loop hold down in back.

2. Integrated media/goggle pocket with headphone cord port.

10. Windowed in hook and loop on the center front placket pulls against the window instead of pulling it off the jacket, greatly increasing the wear life.

11. Oversized mesh goggle pocket.

12. Internal fold-over knit wrist gaskets can be run over gloves for the ultimate snow seal, or folded back and worn street style when you're not riding.

13. Internal waistband adjustment, lift ticket ring, and shoelace belt for an added level of detail.

3. Mesh lined full length venting lets riders dump heat quickly, and the webbing tape keeps it from getting stuck in the zipper when closing it.

4. The QuickCord hem cord adjusts quickly and easily from inside the pockets, and releases just as easily by grabbing the side pull release system.

5. Full front and back pocket arrays ensure you have enough space for all of your on-mountain essentials.

8. Zip up Fade-Gaiter keeps your waist gaiter where it needs to be when it's deep, or zip it up in the pocket and out of the way on the streets. A Nomis exclusive!

6. Strategic seam sealing keeps riders dry, without having to pay for taping seams that don't usually leak.

7. Windowed-in embossed cuff hook and loop closure ensures it does not tear off, even after years of use. This is a Nomis exclusive construction.

9. Window pocket for your pass.

16. Zippered hem gusset.

14. Double layer interior on rear cuffs ensure minimal wear from highbacks.

15. Cuff saving snap loop to hold your pants up at the end of the day.

CONNECT

CONNECT

The Nomis Girl's Connect Collection hits straight to the core of what Nomis was built from combined with where we are going. With the resurrection of the original OG plaid to a wide presentation of new & improved fits and details--we are givin' the girls what they've been begging for and setting ourselves apart from the rest!

The Nomis Connect collection offers 10,000mm waterproof/10,000gm/m/24hrs performance with features and details that can't be matched! Strategic seam sealing keeps you warm and dry!

1. Full size ergonomic hood with snap loop hold down in back.

2. Integrated media/goggle pocket with headphone cord port.

9. Oversized mesh goggle pocket.

10. Internal fold-over knit wrist gaskets can be run over gloves for the ultimate snow seal, or folded back and worn street style when you're not riding.

11. Internal waistband adjustment, lift ticket ring, and shoelace belt for an added level of detail.

3. Mesh lined full length venting lets riders dump heat quickly, and the webbing tape keeps it from getting stuck in the zipper when closing it.

4. The QuickCord hem cord adjusts quickly and easily from inside the pockets, and releases just as easily by grabbing the side pull release system.

5. Full front and back pocket arrays ensure you have enough space for all of your on-mountain essentials

7. Snap up Fade-Gaiter keeps your waist gaiter where it needs to be when it's deep, or snap it up in the pocket and out of the way on the streets. A Nomis exclusive!

6. Strategic seam sealing keeps riders dry, without having to pay for taping seams that don't usually leak.

8. Window pocket for your pass.

14. Zippered hem gusset.

12. Double layer interior on rear cuffs ensure minimal wear from highbacks.
13. Cuff saving snap loop to hold your pants up at the end of the day.
