NOMIS CONNECTED

Nomis is a lifestyle brand that feeds on and supports the constant regeneration of our culture. Nomis was created with the principles of quality, style and authenticity. Since its inception, Nomis is building on those ideals and Nomis has grown and evolved, pulling inspiration from our friends in the snowboard, art, skate, street, design and music communities. We became Connected to the things that inspire us and to the people who are changing the world we live in. Connected is an idea about how to create more than a brand—it's an idea about how to bring together those who question, inspire, create, recreate and alter today's youth culture: the people who are never satisfied with the status quo. The Nomis mission is to provide our friends and supporters with a brand that doesn't stand in their way, and a brand that pulls everything together.

A brand that makes us all Connected.
