

HUIT CANVAS

Huit (pronounced Wheat) has been in the art game for many years, but it wasn't until his show at the exclusive gallery CREWEST in Los Angeles that his name started to circulate through the art community.

He's unique in being multi-versed in his artistic styles that includes graffiti, acrylic and oil painting and 3D computer graphics.

Huit has taken his love for the streets into the virtual world. He creates digital graffiti, does 3d design work for media, movies and album covers. He's also been commissioned by the most exclusive fashion houses.

I was introduced to Huit through his collaborative work with Tribal Gear, the streetwear icon with a 25 year strong history.

Huit's name is also the French word for Eight (8) and represents the shape and flow of never ending possibilities.

"I see those possibilities in our collaboration with Huit and I'm grateful to have the opportunity to work with such a prolific artist, one whose style transcends all art forms and product categories."

Brian Reid, CCO, OSIRIS SHOES

THE TRANSFORMERS™

MORE THAN MEETS THE EYE!

Osiris joins forces with Hasbro and The Loyal Subjects to release a limited series of Transformers Shoes inspired by the most iconic characters. This collection includes colorways and materializations inspired by Optimus Prime, Megatron, Bumblebee and Soundwave featuring artwork from the GEN1 Transformers Universe.

The drop will follow on the heels of the release of the new Transformers 4 movie Transformers: Age of Extinction.

OPTIMUS PRIME

When he first became leader of the AUTOBOTS, OPTIMUS PRIME was not certain he wanted the responsibility. The war with the DECEPTICONS was going badly, and it looked like there was no end in sight. He vowed to himself and to the warriors under his command that he would never surrender, never retreat, and never stop fighting until the DECEPTICONS are defeated.

MEGATRON

MEGATRON has lost battles, but he has never been truly defeated. Even after his near total destruction by the AllSpark, he returned. This latest loss is nothing to him. He has plans thousands of years in the making that are finally coming to fruition. This time, nothing will stop him from annihilating the AUTOBOTS completely.

NYC83 VLC

BUMBLEBEE

BUMBLEBEE has spent decades perfecting his fighting skills. With or without weapons, he is one of the most skilled fighters the AUTOBOTS have. He is dedicated to using his skills to defeat the DECEPTICONS and he's always eager to please OPTIMUS PRIME.

UPRISE
