

COLOUR WEAR is built on the foundation of the scandinavian heritage, focusing on simplicity, colours and the idea that less is more.

We make our products with input from our creative and driven friends who form the CLWR Family, grown in the snow, skate, art and music culture.

Without compromising on quality, function, fashion level or attitude. CLWR provides garments rich with details and designed with love for the CLWR family way of living.

The jetty of dreams [Drömmarnas kaj]

The jetty of dreams is named after the people who live and work in the jetty renovating old boats. They share the dream of a better life when they finish their boats and can sail to warmer latitudes. As the name suggests it is merely a dream...

The CLWR studio is situated right by the jetty of dreams. Our spring/summer collection 2013 is inspired by the coast and closeness to the ocean as well as the city. A city that dares to make sound, smell and take place. No other place than the unpolished beauty in the jetty reflects our vision better.
