SKATEBOARDS

## THE ART OF SKATEBOARDING

Technê Skateboards is a collaboration of skaters, artists, and photographers working together to create an artistic brand that celebrates our love of skateboarding. Our decks are designed and shaped by skaters, for skaters with a true passion for the craft and art of skateboarding. These boards are not only made to be skated; Technê Skateboards collaborates with some amazing artists to create graphics that are works of art you can hang on your wall.
